Subject: note from Carol Boehringer as per your request

Hi Elaine,

As requested:

Carol Boehringer private message to Ron Prefasi December 5th 2016.

"Hi Ron I have a concern about Hwy 11. My husband and I travel everyday to New Liskeard to work. When we left this morning at 6:0am the roads were not plowed. I'm wondering what it takes to have the road safe for people travel. There are many trucks that travel on Hwy 11 day and night. Is the safety of our people being measured by how much salt and sand we can use? I have winter tires on my new all wheel drive with studs and we were still having problems because of the build up of snow on the road. How comfortable would you feel driving in these conditions with trucks riding behind you trying to push you out of the way. Here is a picture at mile marker 452."

Carol Boehringer private message to Ron Prefasi December 6th 2016

"Yes of course you can use my name. I really appreciate what you are doing. Thank you."

I also forwarded to you the picture which was sent to me by Ms. Boehringer.

Ron
