5726.

March 24, 2014

To Whom It May Concern:

My name is Bill Enouy and I am the Mayor of Kirkland Lake. I also am Co-Chair of the Temiskaming Mayors' Action group. This organization is made up of 24 reeves and mayors and represents a district which is approximately the size of France. The gas pipeline and the proposed oil pipeline winds its way through our entire diverse district. I use the word diverse because Temiskaming is composed of hard rock mining towns and very productive farmland areas.

As a group, we understand that dealing with any form of energy is a necessary but potentially dangerous venture. To that end, we have had individual meetings with the consulting firm hired for this project. We have also entertained the company itself at an official Temiskaming Mayors Action Group meeting. John Vantoff, MPP for Temiskaming, also attended.

The company was forthright in dealing with our concerns and strong in their commitment to due diligence and safety for the project. The company followed up with open house meetings for the public in Temiskaming Shores and Kirkland Lake.

We, as a group, are throwing our support behind this project. We will continue to monitor the progress the company makes towards moving Canadian oil east to be refined in and for Canada. We will never waver in our duty to ensure it is done safely.

The Temiskaming Mayors Action Group fully supports the TransCanada Energy East Project.

Sincerely

William Enouy
