

*Temagami Fire Department  
Monthly Report of Activities*

for the month of: *November 2015*

---

**2 Activations:**

- Nov 18<sup>th</sup> – 8:46 Am – report of bush fire at Hwy 11 and Temagami access road – chief and one firefighter investigated in POV's – nothing found
- Nov 20<sup>th</sup> – 10:14 AM – MVC @ Hwy 11 and Rabbit Lake Road – MRFD arrived slightly ahead of TFD – Fire dept. services not required – 1 vehicle and 3 firefighters responded

**Training:**

- 4 regular sessions
- 1 firefighter attended live fire training with Coleman Fire Dept.

**Fire Prevention:**

- Fire Safety Plans for Municipal office and Arena; waiting for changes required
- 5 Fire safety plan reviews outstanding (youth camps, OPP building)
- Fire safety plan for the school received
- Fire Inspections completed at Temagami Nonprofit Housing buildings

**Fire Education:**

- Regular radio "fire safety" announcements on CJTT
- "*Hear the Beep where you Sleep*" presentation at Temagami Public school by Deputy Chief, distributed fire prevention material to students & teachers

**Other:**

- 1990 Pumper – annual certification completed, brake lines (95")replaced; repairs to pump drain valve completed
- Awaiting letter from Latchford Fire declining purchase of cascade system
- Paint on 2002 rescue vehicle starting to peel around edges – supplier indicated willing to warranty paint /repair defect areas – local paint shops not willing to do touch-up, indicating paint on entire rescue box (Aluminum) will continue to peel/flake off unless stripped down to bare metal – estimates to repaint 3 sides of the box properly by local suppliers is approximately what was paid to paint the entire vehicle – working on arrangements to take vehicle down to Brampton for touch-up warranty work.
- Concerns regarding availability of DZ licensed drivers for Pumper trucks during the day-time has necessitated returning the 1993 Fire Van into service for Hwy/Auto Ex calls while 2002 rescue is out of service for paint warranty. 1993 van will obtain mechanical safety inspection prior to removing 2002 rescue from service for repainting
