To our Valued Members:

Recently the board of directors met in the Information Centre, one item on the agenda was the future of the Chamber. The current board has not had a president for the past year. We have on numerous occasions made a plea to the membership but to no avail.

The board is your voice in the Municipality; they keep up to date on the issues in the town and make recommendations to local government. They spend countless hours putting together the visitor's guide that is distributed throughout Canada and even abroad. They organize and volunteer at the Blueberry Festival, Culture Days, the Wild Game Dinner and participate in the Country Christmas all in an effort to promote Temagami on your behalf.

Without this group, these will not happen. Yes there is a few of you who volunteer at these events, some of you also donate items for the silent auctions and we thank you.

However, it is not enough; we are making one last plea to the membership. Please if you are interested in joining the board call the office or email Ann as soon as possible hopefully by the end of December because we need help to continue the good work of this organization.

Sincerely yours

The Board of Directors
