Dear Mr. Cormier,

I'd like to take the opportunity to let you know about our new Regional Hub Structure, which will be in effect on January 4, 2016. OCWA's decision to restructure our Operations was based on a desire to bring services closer to our clients and enhance the level of client support provided by the Regional Hub office. As the Regional Hub Manager for the Northeastern Region, I will continue to be responsible for OCWA's relationship with the Municipality of Temagami. These changes are intended to make us more efficient as an organization and will not result in any additional costs to our clients.

I recognize the importance of the relationship that we have built with Temagami staff over the years and I look forward to working with the rest of our Operations teams to strengthen our relationship moving forward. Mike Del Monte will continue to work closely with your municipality to best serve your water and wastewater needs.

We are proud of the partnership we have with the Municipality of Temagami and appreciate the trust that you place in the OCWA team. We believe the changes we are making will allow us to better respond to the long term needs of your community, and support the sustainability of your [water/wastewater] system.

Please feel free to call me if you have any questions.

Best Regards,

Eric Nielson  
Regional Hub Manager  
Ontario Clean Water Agency
