To Mayor Laurie Hunter and Temagami Council,

I have many times tried to get information regarding the purchase the windows that are being removed from the Temagami Train Station.

I have contacted Patrick Cormier last summer regarding these windows I was told that the contractor that was removing them, owned them. As it turns out the contractor told me that the town owns them and that the town are going to store them in the basement of the train station for what intention may I ask?

I would like to purchase these windows at an agreed upon price with myself and the town.

I would like to have a response to my request at a later time, but before the windows are no longer good to me or anyone else for that matter.

Thank you for responding to this matter .

Yours truly,

Pauline Lockhart
