Subject: Fw: Tourism Strategic Framework Sessions - Spring 2016 - MTCS

FYI - see below. I hope that someone can attend one of these sessions ... either in person or through Webex. This ties into the development of a Tourism Strategy for the Temagami area.

Registration link in email.

Subject: Tourism Strategic Framework Sessions - Spring 2016 - MTCS

Good morning,

Please see the letter below that was sent out from Minister Coteau's office regarding the upcoming Ministry Strategic Framework sessions for the Ministry of Tourism, Culture & Sport.

I strongly encourage you to attend one of these sessions. Your input will be invaluable to the development of the Ministry's tourism framework. This framework will explore new opportunities to work together, clarify roles and responsibilities, and identify actions for both industry and government over the short and longer term to grow tourism in Ontario.

There is a session scheduled for **Wednesday April 13th at 4:00 pm at the Best Western Pembroke Inn and Conference Centre**, and there are several other sessions planned throughout the Province (see list attached) if you are unable to attend this one. As well, there will be a WebEx/teleconference option available on Tuesday May 10th at 1 pm.

It would be greatly appreciated if you would be willing to share this opportunity with your networks. Attached is narrative you are welcome to use in upcoming industry newsletters, e-blasts, social media posts, etc. .

Follow this link to register for one of these sessions, and I hope to see you very soon!

Siobhan O'Leary

Dear tourism stakeholder,

I am pleased to let you know that beginning in April we will be holding facilitated focus sessions on tourism in communities across the province to support the development of the Strategic Framework for Tourism in Ontario.

We held initial discussions with industry representatives during the winter and took away a number of key themes and priorities. Our next step is to share what we learned, hear what you think of our initial plan, and decide together what we can all do to grow tourism in the province.

More information on these sessions, including locations and how to register, is available on our website. I encourage you to share this information with your networks, as we would like to hear ideas from a diverse group of tourism stakeholders.

Ontario's tourism industry supports economic growth, and I am proud of the important role it plays in building vibrant communities.

I hope you will attend a session over the coming weeks. Your advice will be invaluable in growing tourism in Ontario and making it one of the world's best places to visit.

Sincerely,

Michael Coteau
Minister
